### About Safe Orthopaedics:

Founded in 2010, Safe Orthopaedics is a French medical technology company that develops and markets an innovative range of sterile implants and associated single-use surgical instruments, with the aim of facilitating safer, optimized and lower-cost spinal surgery. By avoiding the reuse of surgical instruments, Safe Orthopaedics reduces the risk of infection, avoids the cumbersome and unreliable logistics of instrument sterilization, and limits hospital costs. Protected by 17 patent families, the SteriSpine™ Kits are CE-marked and FDA cleared; they are already being marketed in 16 countries, in Europe and the United States. The company is based at Eragny-sur-Oise (France), and has 33 employees and a US subsidiary.
