About Safe Orthopaedics

Founded in 2010, Safe Orthopaedics, is a French medical technology company that offers the safest technologies to treat spinal fractures. Delivered sterile, all implants and respective disposable instrumentation are available to the surgeon at any time, anywhere. These technologies enable minimally invasive approaches, reducing risks of cross contamination and infection in the interest of the patient. Protected by 17 patent families, SteriSpine™ kits are CE marked and FDA cleared. The company is based in Eragny-sur-Oise (95) and has 45 employees.
